

### Mapping of HCPC Modality by Specialty, Theme and Division

HCPC	AHCS		
Modality <sup>1</sup>	Specialty	Theme <sup>2</sup>	Division
Clinical Biochemistry	Clinical Biochemistry	Blood Sciences	LIFE SCIENCES
Clinical Immunology	Clinical Immunology		
Haematology	Haematology and Transfusion Science		
Histocompatibility and Immunogenetics	Histocompatibility and Immunogenetics		
Cellular Science	Cytopathology	Cellular Sciences	
	Histopathology		
	Reproductive Science (Andrology)		
	Reproductive Science (Embryology)		
Genomic Sciences	Cancer Genomics	Genomic Sciences	
	Genomics		
	Genomics Counselling		
Clinical Microbiology	Clinical Microbiology	Infection Sciences	
Decontamination Science	Decontamination Science		

<sup>1</sup> As listed in <https://www.hcpc-uk.org/aboutregistration/professions/index.asp?id=4#profDetails>

<sup>2</sup> The Theme is used as the STP programme title – for example STP Neurosensory Sciences, and within the title of the Masters programme – for example MSc Clinical Science (Cellular Science)

HCPC	AHCS		
Modality <sup>3</sup>	Specialty	Theme	Division
Clinical Bioinformatics	Applied Epidemiology	Clinical Bioinformatics	INFORMATICS
	Genomics		
	Health Informatics		
	Physical Sciences		
Medical Physics and Clinical Engineering	Clinical Measurement and Development	Clinical Engineering	PHYSICAL SCIENCES AND BIOMEDICAL ENGINEERING
	Device Risk Management and Governance		
	Rehabilitation Engineering		
Medical Physics and Clinical Engineering	Clinical Pharmaceutical Sciences	Clinical Pharmaceutical Sciences	
	Imaging with Ionising Radiation	Medical Physics	
	Imaging with Non-Ionising Radiation		
	Radiation Safety Physics		
	Radiotherapy Physics		
	Reconstructive Science	Reconstructive Science	
Clinical Physiology	Cardiac Science	Cardiac, Critical Care, Vascular, Respiratory and Sleep Sciences	PHYSIOLOGICAL SCIENCES
	Critical Care Science		
	Respiratory and Sleep Science		
	Vascular Science		
	Gastrointestinal Physiology	Gastrointestinal Physiology and Urodynamic Science	
	Urodynamic Science		
Audiology	Audiology	Neurosensory Sciences	
Clinical Physiology	Neurophysiology		
	Ophthalmic and Vision Science		

<sup>3</sup> As listed in <https://www.hcpc-uk.org/aboutregistration/professions/index.asp?id=4#profDetails>
